15. Multidisciplinary / interdisciplinary	
<p>Being affiliated to Panjab University, Chandigarh, the college cannot design a curriculum on its own as per the requirements of interdisciplinary approach. But it is a multidisciplinary institute and offers various programs and courses in the faculties of Sciences, Commerce, Humanities, Languages, Education, etc. The college also runs add-on courses like a certificate course in guidance and counseling, a diploma in guidance and counseling, a course on environmental auditing.</p>	

Students from all streams are eligible to get themselves enrolled in these courses. The aim of such courses is to promote interdisciplinary learning and add to the employability of the students. The college also realizes the importance of going beyond conventional discipline boundaries, hence it offers various value-added and enrichment courses to improve the soft skills and life skills of the students. These courses are open to students from all streams and help them get acquainted with multiple domains. The activities like group discussion, role-play, seminars, guest lectures, and other such activities are part and parcel of the schedule of the college so that students from all streams acquire basic knowledge about various streams.

16.Academic bank of credits (ABC):

Being an affiliated institute, the college is bound to follow the guidelines of Panjab University, Chandigarh in this regard. Whenever the university becomes a part of this scheme and amends rules in terms of course registration, admission, grades to be awarded, credits to be given, nature of the multidisciplinary courses, the governing body of the college will definitely implement the changes formally through the approval of the university.

17.Skill development:

The college is well aware of the importance of skill development to enable students to sustain themselves in a knowledge based economy. At the time of admission, faculty members help students identify their talents/tastes, and skills. They also endeavor to align the skills with the subjects chosen by the students. Through their constant interaction with students, the teachers also help students to choose their careers as per their inherent abilities. Throughout the year, attempts are made by different departments and cells to inculcate the spirit of entrepreneurship, creativity, and innovation. The college also promotes industry linkages and exposure to academia through activities like workshops, seminars, visits, etc. The college also regularly organizes activities like group discussion, role-play, debate, mock interviews, written tests, etc to nurture different skills among students. To stimulate the artistic imagination of the students, activities like poster making and slogan writing are regularly organized. The college also runs various add-on courses, value-added courses, and enrichment courses to help students from all streams to acquire language skills, soft skills, and life skills so that they become employable.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

The college definitely realizes the wisdom and loftiness enshrined in the Indian knowledge system. Different departments and cells of the college celebrate different days and regularly organize activities so that students get acquainted with the local languages, literature, and art. Most of the faculty members impart their lectures in bilingual mode (English & Vernacular) in order to make learning accessible to students. Excursions and trips to historical places and cultural sites and museums are indispensable parts of the academic calendar. Such activities give first-hand information about our rich cultural heritage so that students come closer to their rich cultural heritage. A show on the topic "An Audio-Visual Presentation on Art and Craft at Shri Harmandar Sahib" was organized to acquaint students with the artistic aspects of the Golden Temple. The department of music acquaints students with the rich musical tradition of India by organizing seminars and classroom lectures on different facets of Indian music. The department of English has opted for the option of Indian Writings in English at the P.G. level in order to expose students to great Indian literary figures. All the festivals are celebrated in the college in accordance with the Indian tradition so that students can have an insight into India's rich culture. The Youth Welfare Department lays a special emphasis on items related to Indian arts and culture. It is because of the hard work and dedication of the teachers that our students always bring glory to the college in these items. Though the college tries to stimulate the Indian knowledge system, arts, and culture; its proper integration will be possible only by instruction from the affiliating body.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

The college discourages the traditional approach to education whereby the focus is merely on imparting instructions. In this approach, the students become only exam oriented or score-driven. The college has designed the teaching-learning process in such a way that students not only accumulate credits but also acquire requisite skills related to the concerned domain. Students are imparted learning through experiential learning, participatory learning, and problem-solving methods so that they are able to do more challenging tasks other than to memorize or reproduce what was taught. In addition to the terminal exams conducted by the university, the college undertakes continuous evaluation through

written assignments, tests, ppts, oral presentations, etc. In addition to this, the college has set the program Outcome for UG and PG levels.

(UG Level) 1). A comprehensive domain knowledge. 2). The ability to think critically and creatively. 3). Self-awareness, personal development and communication skills. 4). The ability to adapt to various situations and leadership qualities. 5). Ethical and social understanding. 6). Digital competence. (PG Level) 1) An in-depth domain knowledge of and intellectual grooming in the concerned discipline. 2) Critical thinking and the ability to create, evaluate and recreate. 3) Effective communication skills and the ability to organize and lead. 4) Global outlook and ethical commitment. 5) Digital adeptness. 6) Emotional intelligence

20.Distance education/online education:

Being affiliated to Panjab University, the college cannot run independent online courses. However, it has been striving regularly to integrate online platforms of learning into mainstream learning. In testing times of Covid-19, colleges quickly adopted the digital and virtual methods of imparting knowledge. Faculty members were imparted training by the university as well as the college. Tools like Power Point Presentation, smart boards, Google classroom etc. have been adopted vigorously by the teachers. To strengthen online platforms, the college has been trying to develop Online teaching platforms and tools. Teachers from the faculty of Computer Science have developed the college's own OPAC (Online Public Access Catalogue) which facilitates easy access to the library catalog for students, staff, and the general public. The college has also been trying to strengthen digital infrastructure and digital repositories. Since, the college is affiliated with Panjab University, Chandigarh, it does not run any courses in the mode of distance education.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

Ram Sukh Das College is affiliated to Panjab University. It follows the academic calendar and curriculum stipulated by the University. There is time table committee and IQAC of college which lay down mechanism for well-planned curriculum delivery and documentation. The college frames its own calendar with minor changes which consists of college events and activities proposed for the current session as suggested by IQAC. College departments maintain respective academic record in which teacher's workload, departmental time table and allocation of courses are maintained. The individual teachers maintains a dairy which consists of individual time table and teaching plan. The college time table committee designs teacher wise and detailed time tables for theory and practical classes of under-graduate and post-graduate. All the teachers maintain their attendance registers and prepare teaching curriculum that includes class tests, seminars, assignments, question bank etc. The teachers use chalk and talk method and make use of ICT tools

for teaching. Extra time as and when required is assigned by teachers to slow learners. The value added and enrichment courses are conducted to add value to the curriculum. In the end of session, college make analysis and take action as suggested by various stakeholders through feedback process.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Ram Sukh Das College is affiliated to Panjab University Chandigarh. By following the University academic calendar, the college frames its own academic calendar which consists of college activities and continuous internal evaluation for the current session as suggested by the IQAC. The college is bound by the procedures prescribed by the university to frame the internal assessment of the students. One of the parameters for internal assessment is continuous internal evaluation. Under the supervision of examination board, mid-semester tests are conducted and documented in order to evaluate the progress of students. The college encourages teachers to adopt continuous evaluation in different forms which enhances student's prolificacy and provide space for remedial action. The process alerts the students for corrective action before commencement of the final examination. This continuous evaluation may take varied forms like written and oral tests, quizzes and group discussions. This results in an enhancement of required skills. The mentorship program run by the college compliment this process where a teacher is assigned as a mentor to group of students during their online interaction. Mentees are encouraged to discuss their academic progress and difficulties with mentor so that college take remedial action where ever it is necessary.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The faculty members assess the learning levels of the students at the time of the commencement of the session. Students are assessed by two methods. The first method pertains to newly admitted students. They are identified as slow and advanced learners on the basis of their marks in the previous class. This helps to identify the slow learners and to chalk out future plans to overcome the gap between the slow learners and the advanced ones. The second method caters to the academic competence of already enrolled students. They are evaluated on the basis of their performance in unit tests, Mid Semester Tests and their involvement in various activities performed in the class.

Following approaches are adopted for advanced learners:

1. Counselling by faculty members to appear for competitive examinations.
2. Involvement of students in innovation projects to enhance their learning.
3. Guest lectures by eminent speakers from industry and academia.

Following approaches are adopted for slow learners:

1. Weak areas of the students are identified and conveyed to them.
2. To advance the level of learning of weak students, extra classes are scheduled.
3. Screening of the text based movies to stimulate their various senses in order to have a better understanding of the text.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

1. **Experiential Learning:** - The departments practise various activities to improve creativity and cognitive levels of the students. Extra laboratory sessions are conducted for students to help them go beyond the prescribed syllabus. Industrial visits are organised to enrich students with the first-hand knowledge of the day to day working of the industry.

2. **Participatory Learning:** - In this type of learning, students participate in various activities such as seminars, group discussions, debates, projects and skill based add- on courses. Teachers also adopt role play method to supplement their teaching. To stimulate the artistic imagination of the students, various artistic activities like poster making, slogan writing etc. are regularly organised by the college.

3. **Problem Solving Methods:** - The faculty members encourage students to acquire and develop problem solving skills. To develop such skills, case study method is adopted to make the students have logical thinking and practical knowledge to develop problem solving ability. The departments organise expert lectures on different topics and also motivate students to participate in various competitions and other fests.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Today, it is essential for the students to learn and master the latest technologies in order to be corporate ready. As a consequence, teachers are combining technology with traditional mode of instruction to engage students in long term learning. College uses Information and Communication Technology (ICT) in education to support, enhance, and optimize the delivery of education.

Use of ICT by Faculty:

A. PowerPoint presentations- Faculties are encouraged to use power-point presentations in their teaching by using LCD's and projectors. They are also equipped by digital library, online search engines and websites to prepare effective presentations.

B. Industry Connect- Seminar room is digitally equipped where guest lectures, expert talks and various competitions are regularly organized for students.

C. Online quiz- Faculties prepare online quiz for students after the completion of each unit with the help of GOOGLE FORMS.

D. Video Conferencing- Students are counseled with the help of Zoom / Google meet applications.

E. Video lecture- Recording of video lectures is made available to students for long term learning and future referencing.

F. Online competitions- Various technical events and management events such as Poster making, Project presentations, Debates, paper presentations etc. are being organized .

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The college has adopted transparency in internal assessment as per the university guidelines. The following points explain the transparent mechanism of internal assessment followed by the college Academic Committee:

Class Tests

Class tests are taken by the subject teachers after the completion of their respective topics. The class tests include objective type questions/short notes related to the topic taught and sometimes it is taken in the form of class seminars.

Internal Examination

An Academic committee is constituted to coordinate the internal examination related activities and it communicates all the

necessary information to the students, teachers and the administrative staff. After the examinations, the answer sheets are evaluated by the teachers and circulated to the students.

Assignments & Projects

Questions based assignments related to specific subject topics are given to the students to assess their knowledge and understanding of the concerned subject.

Practical Work & Presentations

Along with the regular classroom learning, students are assigned with some practical work as well as presentations through PPT and paper presentations.

Regularity in classes

The students are also assessed on the basis of their regularity and behaviour in classes. Regular record of their attendance is maintained by their concerned teachers.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

The college has adopted an efficient mechanism to deal with examination related grievances which is transparent and; conduction and rectification of grievances is time bound. This mechanism works at two levels in the institution.

At College Level: - The College adopts an open evaluation system where the students are shown their answer sheets in class-rooms. Any student who is not satisfied with the award of marks or the assessment of papers, he or she may approach the concerned teacher. If there is any discrepancy like mistakes in marks allocation, total of marks etc., the concerned teacher resolves the discrepancy and the required corrections are made. If a student is not satisfied with the marks awarded, he or she may approach the concerned HOD who can intervene to make certain corrections.

At University Level: - If students have grievances related to evaluation of university answer scripts, it is intimated to the subject handling faculty and Head of the Department, if necessary, for further action.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

The college follows the curriculum guidelines provided by the Panjab University Chandigarh for the evaluation of Programme Outcomes and Course Outcomes. After the evaluation of these, the Principal discusses Programme Outcomes with Examination Committee and Head of Departments. The Head of Departments ensure that teachers get this information in hard and soft forms and convey to the students through various platforms. Every year, the staff of the college visits the schools and surrounding villages for career counseling and encourages students of 12th class of different streams to register themselves in higher education and introduce them the Programme Outcomes and Course Outcomes of the programmes being offered by the college. The students are also informed about the availability of programme outcomes and course outcomes at the website off the college. When the students visit the college for admission, they are provided guidance for selection of course or subjects and their relevant programme outcomes are conveyed to them through prospectus.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the

institution.

The institution ensures the attainment of POs and COs by adhering to the academic calendar of Panjab University, maintaining academic records of every year and reviewing the students' progression to higher studies and their placement. Considering the necessity of internal assessment for the fulfillment of the COs and POs, the college has created Academic Committee that supervises the effective implementation of the assessment and evaluation process as per the guidelines of the University regarding the attainment of Course Outcomes and Programme Outcomes. The institution also tries to achieve the Course Outcomes and Programme Outcomes by engaging the students in various activities like N.S.S. and N.C.C. activities, Panjab University Youth and Heritage Festival, Career Counseling, various intra/inter college level competitions, Health Awareness Programs, poster making competition etc.

The Formative and Summative approaches are followed for the assessment and evaluation of the Programme Outcomes and Course Outcomes.

Formative Assessment is analysed on the basis of class tests, assignments and discussions, Mid Semester Tests, Presentations and Project works etc.

Summative Assessment

To ascertain the extent of accomplishment of the pre-determined POs and Cos, the university conducts terminal semester examinations as per the prescribed schedule with the help of the colleges.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

The Students Council of any college is selected to shape all decision in the field of education in democratic way. The

selection of students' representatives for Student Council of our college is completely an act of an utmost importance as it paves the way of all other activities that we plan for every academic session. The selection is done on the basis of their academic performance, their active participation in extra-curricular activities and as per the recommendations of heads of their departments. The students selected actively participate in various activities of different academic and administrative bodies of our institution like IQAC, Red Ribbon Cell, etc. . They work as a medium between faculty and students by maintaining:

1. Coordination in day to day academic activities at their level.
2. Coordination in communicating the information between students and Teaching faculty.
3. Co-ordination in organizing cultural events, organizing Sports/ Games and arranging Tours and Visits for the students.

Our educational institution encourages the students to develop their leadership skills through these activities. Meaningful Student Involvement should not merely be an exercise, but must be a reality that engages, challenges, and expands students' understanding of democracy in their education and throughout their lives.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

Internal Quality Assurance Cell of the college contributes significantly in institutionalizing the quality assurance strategies and processes through a set practices. There are regular meetings of the cell in which a comprehensive review of the strategies and processes undertaken in the previous/ongoing semester is made. The academic calendar for each session as per the guidance of the university and the requirements of the college is presented and sanctioned in these meetings. To cater to the fast changing world, recommendation regarding introduction of new courses and review of the recently introduced courses is undertaken in these meetings. The cell also acknowledges that in the contemporary scenario, collaborative quality initiatives are must to serve the primary need of education. For this, the college has signed 6 Memorandum of Understanding (MOUs) with various institutions during 2021-22. On the whole, the cell strives to institutionalize various methodologies, strategies and structures that will help the college in evaluating its different activities constantly. The cell also encourages different departments to conduct training and internship for students in order to expose them to real-life learning. The cell also realizes that it is imperative for any educational institute to develop its human resources. To

achieve this aim, the teachers are encouraged to attend Faculty Development Programs and Refresher Courses for their personal development as well as Career Advancement Scheme (CAS).

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The core distinctiveness of R.S.D. College has been its ability to adapt to different changes in order to continue to serve as a catalyst of change for this border belt.

The college has been striving for automation of different modules in the working of the general office since 2013 under the leadership of Shri Sukhdev Singh, Assistant Professor, Department of Computer Science and Applications. Since 2017, the thrust has been to involve other stake holders like students and office staff. Thus, Shri Sukhdev Singh along with 3 students named Shivam, Prince Maini, and Komal Sharma, started working on the above mentioned project and developed a software for various academic and administrative purposes. The team constantly looks into the needs and requirements of the general office and plans the further development of the program accordingly.

The main features of this software are as follows:

1. Admission process
2. Fee collection
3. Day book and Summary
4. Academic history
5. Issuance of various certificates
6. Fee concession and scholarships
7. Text books security
8. Message services
9. Subject combination reports
10. Admission Register and Fee register
11. Printing of cheques and generating vouchers
12. Online Public Access Catalogue(OPAC)

7.3.2 - Plan of action for the next academic year

- Some departments will organize seminars with the help of different funding agencies.
- As the world is changing very fast and there is a dire need to equip students with different skills, the department of extra-mural activities will be asked to motivate students to participate in different activities covered in Panjab University Zonal Youth and Heritage Festival.
- As NAAC Accreditation is already due, the concerned staff members have been asked to expedite the process in the session 2022-23.
- Different departments, especially the newly established ones, will organize activities that involve the participation of the maximum stakeholders.
- Because of the pandemic and other reasons, the repair and renovation of the infrastructure of the college have been pending for a long. There will be a special focus on this in the session 2022-23.
- All the departments and cells will focus on organizing different activities in order to develop different skills among students.
