Greater Community

Reference to the contact :-> These lines have been taken from W.H. Auden. "The Unknown Citizen" by W.H. Auden describes, through the form of a dystopian report, the life of an unknown man by describing the "average citizen" through the eyes of various government organizations, the forms or statistics standardization and the modern state's relationship with its citizens.

Ques. Do any one reference to context
The sea is calm to - night

, sweet is the night air!

Context :- These lines have been taken from the poem 'Dover beach' written by Matthew

Arnold. The poet stands on the Dover beach on the coast of England. The sea is calm under the light of the moon.

But the poet hears the sad music of human sufferings in the sound of the ocean.

The poet feels that modern man is lost and unhappy because he has lost

Q1. Third laws of Thermodynamics

According to the third law of thermodynamics the entropy of system at 0K is zero. If an isothermal process occurs at 0K, the change in its entropy is zero. The entropy of initial state is same as that of the final state.

Proof

Taking heat out of a system produces decrease in its entropy. It means that the thermodynamical probability of the system
