COLLEGE *Profile*

“
Ram Sukh Das College is the standalone institution in Ferozpur City that promises to impart excellence in education and high moral upbringing.
”

— *Echoes of a Century* —

Founded in 1921 as a result of the cherished dream of Late Lala Ram Sukh Das ji, who kept apart Rs.50,000 for this purpose, the college has proven to be one of its own kind in the area for its excellence. The whole family of the founding member contributed in terms of land and building, to translate Ram Sukh Das ji's dream into reality. The legacy was carried forward by his illustrious son Late Lala Gowardhan Das ji, an eminent lawyer and philanthropist of the town who finally gave a material mould to the dream of his father.

The College, one of the oldest in the state, is governed by Ram Sukh Das College Trust and Management Society. Late Rai Sahib Lala Gowardhan Das ji became its Founder President and he worked diligently as president till his sad demise in 1959. For forty years, he worked ceaselessly for the welfare and development of this institution with single minded-devotion, untiring zeal and enthusiasm. After his sad demise, his eldest son Sh. Kulbhushan Sanwalka, Advocate, became the President and served this institution for more than three decades till his untimely death in 1992. His whole hearted devotion and ceaseless work made R.S.D. College one of the top institutions in the state. Sh. Satish Chandra Sanwalka, a dynamic business magnate took over as President of the college management committee to fill the void created by the death of Sh. Kulbhushan Sanwalka ji.

“
After the completion of the second cycle, the college was accredited with B++ grade by NAAC.
”

There is significant improvement in overall grade but there is always a room for improvement. The College is situated outside Makhu Gate on the Mallanwala Road. The College has a beautiful campus with imposing building, lush green lawns and playground, extremely well equipped Science and Computer Laboratories, Lecture Galleries, Library and Reading Hall and Seminar/Conference Hall. The whole college campus is connected with stand-by modern generators for power backup. The college campus is completely Wi-Fi enabled. The college has constructed an airy, well lighted and spacious double storey modern library building with more than 58300 books. The College has an air-conditioned administrative block for the benefit of the students and the staff. The college has a very experienced faculty in all streams. We are running successfully, Science (B.Sc.), Commerce (B.Com. Pass course & Honours), Humanities (B.A.) and Computer Applications (B.C.A.) at Undergraduate level and Post Graduation in English, Chemistry, Commerce*. The college has also gone a step forward in the zeal to provide excellent academic framework. The college is successfully running 4 Year integrated B.A./B.Sc. B.Ed. course. This professional and innovative educational programme lends students a degree of Bachelor of Arts or Bachelor of Science as well as Bachelors' Degree in Education in four years.

New infrastructure has been developed according to the requirements of this course. B.Voc (Software Development) and B.Voc. (Medical Lab-& Molecular Diagnostic Technology), skill based and job oriented courses have brought laurels to the institution. A new computer lab and three ultra modern labs for the MLMDT course have been maintained to meet the need of these courses. Keeping in view the increasing demand of girls' security and convenience, the College Management has built a modern Girls' Hostel with updated facilities for girls coming from far-fetched areas. This is a commendable step to promote the women empowerment.

Objective of THE COLLEGE

From the Founder President's Address on the Opening Ceremony (29-05-1921)

"The truest test of civilization" wrote Emerson, "is not the census, nor the size of cities, nor the crops but the kind of men the country turns out", for as was rightly remarked by Orison Morden, "Manhood is above all riches, overtops all titles, character is greater than any career. And if education, which is one of the most vital forces in the economy of every civilized country in the globe as it shapes the destinies of human children in the morning of the manhood, confines itself (as at present it does) to mere intellectual education and neglects the far superior work of evolution of high character among boys and girls, it misses the greatest feature of its vocation.

Dr. Corrivell of America who has made the study of Young man as his greatest hobby most painfully remarks, "War, pestilence and Famine combined sink into insignificance when compared with the evil habits and wicked practice of young. My most blessed Master has taught me the supreme importance of character." The college therefore keeps this fundamentally important object in the prominent front seat of its curriculum. The development of character is the important feature of the college. It will always be the concern of the college authorities to give its pupils modern and updated intellectual education and along with that evolve in them a type of noble, truly chivalrous and practically useful and serviceable humankind.

The first essential would be to provide a clean and, moral atmosphere. As beautiful flowers grow in congenial atmosphere, the same way does the delicate feelings of higher character sprout and blossom in a favourable atmosphere. The need for such an essential institution cannot be too deeply emphasized. From one border of our native land to the other, an aggressive and relentless warfare should be waged until cleaner and more wholesome atmosphere prevails among the young manhood of the nation. For, there is a contagion of virtue as well as of vice, there is a contagion of moral health as well as of sickness. The influence of the deed is more potent than that of the word. Besides providing good and efficient staff it shall also be the serious anxiety of the college authority to provide such books and periodicals which add value to the character and joy to life. Thus every effort will be made to surround the lives of young scholars with all that can elevate and ennoble them."
